

Sailife

COMPANY PROFILE & PRODUCT CATALOGUE

COMPANY PREVIEW

Saillife Ever Limited stands as a regional leader in the manufacturing of domestic and institutional antiseptics, disinfectants, and detergents. Our expertise lies in providing high-quality cleaning and disinfection products tailored for hospitals, factories, schools, businesses, and homes. We are dedicated to exceeding client expectations through exceptional products, superior customer service, and remarkable value.

Our comprehensive product range addresses the needs of diverse sectors, including healthcare, pharmaceuticals, the food industry, veterinary services, horticulture, communities, factories, and NGOs. As specialists in disinfection, hygiene, skin protection, and technical preservation, we ensure the protection of personnel, patients, and products against infections and contaminants with unmatched efficiency and speed.

With extensive experience across industrial, distribution, and institutional levels, our technical team excels in product development and application. We consistently deliver effective solutions within budget and on schedule. We offer tailored solutions to meet individual client needs, working closely with clients to address specific requirements. Saillife Ever Limited is committed to advancing cleaning and infection control programs with innovative product design and development. Our formulation expertise and industry knowledge make us the ideal partner for your infection control needs. We actively seek new opportunities and are open to contract manufacturing collaborations to enhance our offerings and meet emerging demands swiftly.

VISION | MISSION | CORE VALUES

Vision:

Leading the world in effective and innovative hygiene solutions.

Mission:

To provide top-quality cleaning and disinfection products that ensure safety and exceed expectations, all while staying at the forefront of innovation.

Core Values

- **Innovation:** Driving progress with creative and advanced solutions.
